

2711P-T12C4A8

PanelView Plus 6 1250 Touch Terminal

Product identification

Allen-Bradley 2711P-T12C4A8 is the PanelView Plus 6 1250 Touch Terminal for PanelView Plus 6. It provides a 12.1-inch touch operator interface for FactoryTalk View Machine Edition applications.

Parameter	Official value
Manufacturer	Allen-Bradley
Model	2711P-T12C4A8
Product Family	PanelView Plus 6
Product Type	PanelView Plus 6 Operator Terminal

Technical information

Parameter	Official value
Terminal Family	PanelView Plus 6
Terminal Size	1250
Input Type	Touchscreen
Display	12.1-inch color TFT
Resolution	800 x 600 pixels
Color Depth	18-bit graphics
Ethernet	Integrated 10/100 port
Serial Port	RS-232
USB	Two host ports
Removable Storage	Secure Digital card slot
Input Power	85-264 VAC
Frequency	47-63 Hz
Operating System	Windows CE 6.0
Runtime Software	FactoryTalk View Machine Edition
Application Memory	512 MB RAM
Nonvolatile Memory	512 MB
Panel Cutout	257 x 338 mm
Environmental Rating	NEMA/UL Type 12, 13 and 4X indoor; IEC IP54/IP66
Approximate Weight	3.2 kg
Lifecycle	Discontinued 2021-12-30
Engineering Replacement	2711P-T12W22A9P

Applications

- Presents alarms, trends and machine status to plant-floor operators.
- Runs FactoryTalk View ME applications for ControlLogix and CompactLogix equipment.
- Supports panel-mounted operator stations in industrial control enclosures.

Display & Touch

- Official documentation specifies input type as Touchscreen for this configuration.
- Official documentation specifies display as 12.1-inch color TFT for this configuration.
- Official documentation specifies resolution as 800 x 600 pixels for this configuration.

Communication & Storage

- Official documentation specifies ethernet as Integrated 10/100 port for this configuration.
- Official documentation specifies serial port as RS-232 for this configuration.
- Official documentation specifies usb as Two host ports for this configuration.

Panel Integration

- Official documentation specifies panel cutout as 257 x 338 mm for this configuration.
- Official documentation specifies environmental rating as NEMA/UL Type 12, 13 and 4X indoor; IEC IP54/IP66 for this configuration.
- Official documentation specifies approximate weight as 3.2 kg for this configuration.

Selection and installation checks

- Back up the factorytalk view me application before removal.
- Compare display, power, network and panel-cutout requirements.
- Treat 2711p-t12w22a9p as an engineered replacement rather than a drop-in unit.
