-------------------------	--

Cable Configuration	No extender cable included
----------------------------	----------------------------

Cable Length	Not applicable
---------------------	----------------

Connector-to-Connector Width	91 mm
-------------------------------------	-------

Operating Temperature	-40 to 70 C
------------------------------	-------------

Published Dimensions	165 x 84 x 31 mm (H x W x D)
-----------------------------	------------------------------

Weight and country of origin are omitted where Emerson does not publish model-specific values.

APPLICATION DATA

Configuration and Integration

Model-specific selection, installation, and compatibility notes.

VE3051C0 Capacity

- **Standard arrangement:** one system power supply and one controller
- **Alternate arrangement:** two system power supplies
- **Extender cable:** not included with VE3051C0

Base Carrier Footprint

- **Height:** 165 mm
- **Width:** 84 mm; 91 mm connector to connector
- **Depth:** 31 mm

C0 Cabinet Limits

- **Operating:** -40 to 70 C
- **Humidity:** 5 to 95 percent, non-condensing
- **Contaminants:** ISA-S71.04-1985 Class G3

Engineering note: Confirm the exact model, DeltaV release, carrier, power, cabling, and system topology before commissioning.
