

51199568-100

Honeywell Industrial Operator Keyboard

Verified identification

Manufacturer	Honeywell
Exact part number	51199568-100
Recorded product class	Industrial Operator Keyboard
Document scope	Nameplate and interface matching

Function and role

Honeywell 51199568-100 is retained as the complete procurement identity for the installed operator keyboard. No undocumented key protocol, voltage, connector pinout, or workstation compatibility is asserted here.

Working principle

Correct replacement depends on the physical key layout, connector type, cable or interface arrangement, host-station generation, and complete label rather than on keyboard appearance alone.

Application

This sheet helps maintenance teams collect the evidence needed to source and compare the installed operator-input device.

Selection and replacement note

Include front and rear photographs, connector details, host-station model, and any revision marking with the inquiry.

Manufacturer-source basis

No exact public Honeywell technical publication was located for this complete order number. The document contains only identity and replacement-control information.

Request a fast quote

Include the complete product title, required quantity, destination, and clear nameplate photographs.
